Message	Hello, My name is Kelly Gerkenmeyer, and I serve as the External Affairs Manager for the Calaveras County Water District (CCWD). This year marks CCWD's 80th anniversary, a meaningful milestone that reflects a long-standing commitment to serving our community. In recognition of this occasion, I am working to share CCWD's story more broadly through community engagement. I recently had the opportunity to present at the Calaveras County Historical Society Dinner, which was a wonderful event and very well received. I would welcome the opportunity to host a community town hall in the Wallace area to highlight CCWD's history, current work, and future priorities, while also engaging directly with residents. Thank you for your consideration. I would be happy to connect and discuss this further at your convenience. Best regards, Kelly
